Comcast Hosts Free, Educational Wi-Fi Seminars at Dearborn Xfinity Store

Tech Experts Teach Consumers, Regardless of Their Internet Service Provider, How to Get Faster, More Reliable In-Home Wi-Fi

Dearborn, Mich. (June 24, 2019) – The Dearborn Xfinity store is hosting free informational sessions on how to get the best in-home Wi-Fi signal. Everyone in the community who's ever experienced slow Wi-Fi – no matter their internet service provider – is welcome to attend.

Starting June 24, sessions will be held daily between noon and 4 p.m. Each will last approximately 20 minutes. The daily seminars are through August 2.

Technology experts will share the following tips:

- Where to place your Wi-Fi router for maximum coverage;
- What devices and materials in your house can cause interference;
- How older electronic devices can negatively impact your Wi-Fi signal;
- When to use the 2.4 and 5.0 GHz frequencies available on most wireless routers;
- How to determine whether your router is too old to support the latest internet speeds;
- How much bandwidth you need based on the number and type of devices connected in your home.

Drop-ins are welcome, and RSVPs are not required. The store is located at 18900 Michigan Ave. K120, Dearborn, MI 48126. For more information, please email ask_us@Comcast.com.

About Comcast

Comcast Corporation (Nasdaq: CMCSA) is a global media and technology company with three primary businesses: Comcast Cable, NBCUniversal, and Sky. Comcast Cable is one of the United States' largest video, high-speed internet, and phone providers to residential customers under the Xfinity brand, and also provides these services to businesses. It also provides wireless and security and automation services to residential customers under the Xfinity brand. NBCUniversal is global and operates news, entertainment and sports cable networks, the NBC and Telemundo broadcast networks, television production operations, television station groups, Universal Pictures, and Universal Parks and Resorts. Sky is one of Europe's leading media and entertainment companies, connecting customers to a broad range of video content through its pay television services. It also provides communications services, including residential high-speed internet, phone, and wireless services. Sky operates the Sky News broadcast network

and sports and entertainment networks, produces original content, and has exclusive content rights. Visit www.comcastcorporation.com for more information.
